AI Server Showcase by Huawei

Overview

Now, at the Huawei Connect 2025, the firm has announced new iterations of its 'SuperPoD' AI clusters. These will be the Atlas 950 and the Atlas 960, with the earlier one featuring the new Ascend AI chips, and interestingly, will compete with NVIDIA's Rubin lineup. [Barcelona, Spain, March 2, 2026] During MWC Barcelona 2026, Huawei released 115 industrial intelligence showcases, together with its customers, during Industrial Digital and Intelligent Transformation Summit 2026. The summit, titled Advancing Industrial All Intelligence, was held by Huawei to. Huawei announced its CloudMatrix 384 AI system a few months ago, which was reportedly to have surpassed NVIDIA's Blackwell AI system. So China can resource internally all the computing power it needs to pursue AI development.
