Curved Cable Management Frame

Overview

Adjustable cable management frame suitable for both small and large closures. The slim profile minimizes visibility. CableVent™ is a revolutionary cable management system that combines the best features of traditional brush-like devices with other benefits that can only be provided through a custom solution. Unlike conventional cable brush solutions that are rigid and limited in their adaptability, in addition to. Complete line of safe and reliable overhead cable management and pathway solutions. *Quick Tray Pro wire basket tray is no longer available from nVent HOFFMAN. Lead Time – View accurate lead times to plan your delivery. Onshape's Routing Curve tool changes this, offering a parametric, intuitive approach to creating and manipulating 3D curves that maintain design intent while respecting manufacturing constraints like minimum bend radius.
