Distribution Box Replacement Service

Overview

See more distribution box installation & replacement in Manhattan. What are some popular services for electricians?

Key Takeaways

To replace a distribution box, here are some key points to consider: Septic Distribution Box Replacement: The average cost for replacing a septic distribution box ranges from $600 to $2,000. This includes costs for the new box, installation labor, and necessary permits. The replacement process involves removing the old box and installing a new one, which can be messy and labor-intensive.

Electrical Distribution Box Replacement: For electrical distribution boxes, the typical replacement cost for a 100–125A indoor panel is about $1,200–$2,500, while a 200A outdoor upgrade can reach $3,000–$6,000. Make sure to consult with a professional to get accurate estimates based on your specific situation and location.
