Fiber Optic Cable Reel Lifter

Overview

Reel Lift Trucks: Reel lift trucks, also known as reel trucks or reel stackers, are vehicles equipped with lifting mechanisms specifically designed for handling cable reels. These trucks are used to lift, transport, and stack cable reels in various industrial settings. Built to handle demanding jobsite conditions, this lifter is engineered to safely lift loads up to 5,000 lbs (2273 kg). Heavy duty tapered roller bearings support smooth swiveling under full load, helping prevent damage to both the tool and the material being handled. Loading and Unloading. The AT238P is a cable placer designed with features to support an efficient jobsite. Click here to.
