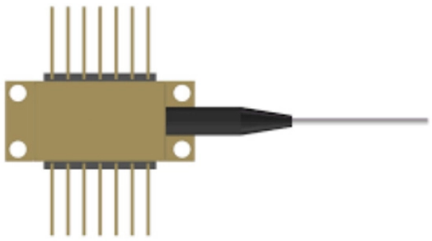
Fox optical cable brand



Overview

Foxconn Interconnect develops, manufactures, and markets electronic and optoelectronic connectors, antennas, acoustic components, cables and modules for applications in computers, communication equipment, consumer electronics, automobiles, industrial and green energy field. Foxconn Interconnect develops, manufactures, and markets electronic and optoelectronic connectors, antennas, acoustic components, cables and modules for applications in computers, communication equipment, consumer electronics, automobiles, industrial and green energy field. From Fiber Optic to Copper Cables, from the most innovative products to the smartest solutions, from industries such as Broadcast or Enterprise to Industrial or Data Center, OCC has the connections you need. Over 30 years ago, OCC became a pioneer in the design and production of fiber optic cable. Global Foxcom optical links offer a full range of L-Band, IF, and C, X & Ku Band frequencies, making them an essential part of RF over Fiber solutions. Our extensive portfolio of RF optical solutions covers a wide range of applications ranging from in-building wireless coverage to satellite ground station connectivity. Foxcom's RF/optical product lines are designed to. Extron Fiber Optic Products are designed for end-to-end AV signal distribution over fiber optic cabling. The 12 Fiber 50/125µm OM3 Ultra-Fox™ Indoor/Outdoor Riser Aqua Jacket - 1000 FT. Foxconn Interconnect is an innovative market leader of connectivity technologies within the data center, mobile, computing, and IoT environments. We has offices and manufacturing sites located in Asia, the Americas, and Europe.
