Fiber Optic Communication Professional Certificate

Overview

The Fiber Broadband Association offers four types of professional certifications: FBA OpTIC Path, Fiber Service Provider Certification, Certified Fiber to the Home Professional and FTTx-OSP Design. CFOT® - Certified Fiber Optic Technician - is the primary FOA certification for all fiber optic technicians. CFOTs have a broad knowledge, skills and abilities (KSAs) in fiber optics that can be applied to almost any job - design, installation, operation – and for almost any application using fiber. Free online self-study programs on many fiber optics and cabling topics applicable to FOA certifications are available free at Fiber U, FOA's online web-based learning website. FOA Reference Books (Available Printed or eBooks) The fiber book is available in Spanish and French as well as English.
