Optical Coupler Product Classification Code Table

Overview

HS Codes for Optocoupler export goods classify products in international trade, ensuring smooth customs clearance and accurate duty calculation.

Key Takeaways

The primary HS/HSN code for optical couplers is 85369090, which covers electrical apparatus for switching or protecting electrical circuits, including optocouplers. HS/HSN Code OverviewHS Code / HSN Code: 85369090Product Description: Optical couplers, optocouplers, and related electrical apparatus used for switching, controlling, or protecting electrical circuits. Category: Electrical machinery and equipment; parts thereof.

Subcategories / Related Products: Fiber optic couplers and splittersOptocouplers for signal isolationParts for optical coherence tomography systemsComponents for distributed control systems Classification DetailsWCO Reference: The World Customs Organization (WCO) provides the Harmonized System (HS) nomenclature, explanatory notes, and classification opinions to ensure accurate product classification.

S Code Hierarchy: Chapter 85: Electrical machinery and equipment and parts thereofHeading 8536: Electrical apparatus for switching or protecting electrical circuitsSubheading 853690: Other apparatus for switching or protecting electrical circuitsFull Code 85369090: Optical couplers, optocouplers, and similar devices Trade and Import/Export DataExporters and Importers: There are multiple exporters and importers worldwide using HS Code 85369090 for optical couplers, with detailed shipment data available for trade analysis. Average Import Price: Approximately $0. 68 per unit, based on US Customs data.

Global Trade Insights: The code is used internationally, including in the USA, EU, India, China, and other major trading countries.

Notes for Accurate Classification

Ensure the product description matches the HS code definition, particularly for optocouplers and fiber optic couplers. For country-specific tariffs, additional digits may apply (e.g., 10-digit TARIC codes for the EU or HTSUS codes for the USA),.

WC

O Trade Tools provides authoritative guidance, including explanatory notes and classification opinions, which should be consulted for precise customs compliance. This classification table and code reference can be used for customs documentation, import/export compliance, and trade reporting for optical couplers and related devices.

Article Content

Fiber Optic Coupler HSN Code used for Export Import

Hierarchy of HSN Code 85369090 HSN Code is a hierarchical system of product Classification, you can explore the hierarchy below of HSN code 85369090, the most popular HSN codes used for Fiber

HTS Code for fiber optic switches couplers or splitters

Harmonized System Code (HS codes) or HTS Code and Tariff Classification for fiber optic switches couplers or splitters

Optocoupler HS Code for Export & Import | Optocoupler Trade HS

HS Codes for Optocoupler export goods classify products in international trade, ensuring smooth customs clearance and accurate duty calculation. At Seair Exim Solutions, we help you identify the

HS Code Classification for Fiber Optics Products: A Comprehensive

© 2026 DOLPHIN FIBER SYSTEMS - All rights reserved

Optical Fibers and Cables: Optical fibers, unassembled or not attached to connectors, are generally classified under HS Code 9001.10. This category includes optical fiber bundles or cables,

Optical Coupler Imports Under HS Code 85369090

Information and reports on Optical Coupler Imports Under HS Code 85369090 along with detailed shipment data, import price, export price, monthly trends, major exporting countries countries, major

Fiber coupler classification

Optical fiber coupler, also known as optical splitter and optical splitter, is one of the most important passive devices in optical fiber links. It is a fiber optic junction device with multiple input

Customs Ruling NY L84572

In your letter dated April 27,2005 you requested a tariff classification ruling. The multimode fiber optic couplers/splitters are used for splitting one optical signal into two paths.

HS Code for Connectors for optical fibers | FreightAmigo

This six-digit code under Chapter 85 classifies connectors used in optical fiber systems for data transmission. It applies to various types in international trade.

Harmonized System Codes for Fiber Optic Products | Vitex

Complete guide to Harmonized System (HS) codes for fiber optic products. Learn classification codes for transceivers, cables, and optical components.

Product classification | Access2Markets

Every product exported or imported is classified under a product or tariff code. The classification determines which tariffs and requirements apply to a product in a specific country.

Customs Ruling NY L84572

RE: The tariff classification of multimode fiber optic couplers/splitters from France Dear Ms. Wallett: In your letter dated April 27,2005 you requested a tariff classification ruling. The multimode

Fiber Optic Couplers Information

Fiber optic couplers are optical devices that connect three or more fiber ends, dividing one input between two or more outputs, or combining two or more inputs into one output. The device allows

HTS Code for coupler

By clicking "Find Related HTS Code" button above, you can find 6 digits universal HS Code (which is valid for almost all countries in the world) and declarable codes for EU, UK, USA, Japan, China, India

Laser Products and Instruments | FDA

Laser Products and Instruments Notices to the Laser Industry Information Description Products that use laser energy come in many sizes, shapes and forms.

Search Patent Classification Systems

Enter one or more keywords in the field to search the Classification Scheme (Schedule) and Definitions. Tip: Use quotes to search for exact phrases, e.g. "fuel cells"

Fiber Optic Coupler: A Beginner''s Guide

In modern optical communication technology, fiber optic couplers play an indispensable role as an essential optical device. With the increasing demand for high-speed, long-distance

Trade Tariff: look up commodity codes, duty and VAT rates

Search for import and export commodity codes and for tax, duty and licences that apply to your goods.

ECCN Lookup Tool — Free Search of the BIS Commerce Control List

An Export Control Classification Number (ECCN) is a five-character alphanumeric code that identifies items on the Commerce Control List for export control purposes.
